

Year 11

Term 1

ART

Course Content

The emphasis is very much upon completing the course work element before January. During Year 10 students should have identified a key area of study and started to accumulate a portfolio of work. They should be in a comfortable position to add and fine tune its contents and focus upon the general presentation skills. Structure and continuity must be realized and be apparent throughout satisfying the syllabus criteria. The focus on organisation and relationships will begin to take a priority and as the project progresses the selection of materials and media must be encouraged. During the last few weeks of the term work will need to be attached to 8 X A2 sheets and identified clearly as the candidates work.

Core Elements
