

Year 9

Term 1

Chinese

Course Content

In term 1, students will learn topics about 'Means of Transport, Colours, Types of Clothings, Parts of body, Countries and languages, Subjects of Study'. After learning, students will be able to tell common vehicles in Chinese, talk about their method of travel in daily life. Students will be able to name different colours, be able to tell their favourite colour and ask others about their favourite colours. Students will be able to describe a person's appearance and dress; list countries they have been to and languages they can speak; tell the subjects they learn, whether they like or dislike them.
